

FOR IMMEDIATE RELEASE

Project Label _____ : *Courtney Stricklin* _____, *A Solo Show*
(Your show title here) (Your name here)

November 29th - December 7th, 2008

Reception: Saturday, November 29th, 8 – 11 PM

Project Label is part of the largest solo show ever. The exhibition at Sea and Space Explorations features the work of 100 artists, who will be able to list this solo show on their resume by entering their name and show title into the blanks in the central title, as indicated above. The show intends to enhance the careers of all artists, subverting the way art projects are documented and defined.

Project Label addresses the inadvertent relationships that arise within this grouping of simultaneous solo shows; labels affixed adjacent to the artists' own labels will question the solo-ness of the exhibition.

Sea and Space Explorations is a portal to a place where notions of good and bad, market constraints, and fixations with progress are understood to be peripheral, where artists take risks without fear. This space hosts artists whose practices resonate with the conceptual, theoretical, relational, and political.
